### **About The Security Centre (Southern) Ltd**

Security Centre offers a complete security service, providing alarms, CCTV, emergency carpentry and locksmithing and auto locksmithing. Our head office in Purley offers key-cutting services, various personal security items and high-quality safes direct to the public.

Our areas are Greater London and the Home Counties. Big business account? Homeowner? We want all our clients you to be happy (so that you will use us again and recommend us).

### **Why we can help you**

You're locked out of your home/office or car. What next? Find our emergency locksmith number on your phone (store it now!) and call us. You'll be in within the hour.

Been burgled? Insurance-"approved" companies can take up to 2-3 weeks to fix your door/windows. But you're vulnerable! We'll have your new door on that day. If you have special requirements, we make your property safe within 2-3 hours while we get stock.

We believe in improving the security on burgled properties (otherwise burglars come back). Most insurers like this (because it saves them future expense). Bottom line: you're secure.

Work away from home? Live away from work? Our ADT CCTV and monitored alarm packages, with a guaranteed police response, become your extra pair of eyes.

### **Further details about our service**

Can Yellow Pages or Google tell you the quality of the person you're calling? We carefully monitor who the best engineers and contractors are in the industry, and retain their services.

Why take the risk? We know who the best engineer will be for your security work.

Our emergency services are 24/7. With a 1-hour (max) on-site time, you won't be waiting.

We can open or change one lock or supply a master-key system for a 300-room hotel.

So whatever you need, just let us know.

(New customers: receive a free safe (£100 value) when you invest in an alarm.)

Like burglars? We sponsor the ***What the BURGLARS don't want you to know*** newsletter (because we don't like them either). [www.TheOtherCrimeStoppers.org](http://www.TheOtherCrimeStoppers.org).
